---

SUMMARY

Backend-focused Software Engineer and former Army veteran who brings great leadership qualities and problem solving skills to the world of tech. Fast learner and resilient under pressure. Eager to continue building my skills and experience see where my passion and dedication will take me.

SKILLS

- Rails
- Ruby
- SQL
- ActiveRecord
- Github

- PostgreSQL
- RSpec
- AWS
- HTML
- Heroku

- Authentication
- Authorization
- SOA
- API
- TDD

SOFTWARE PROJECTS

Viewing Party Lite | Paired Project
- Technologies: Rails, Ruby, RSpec, Simplecov, APIs, GitHub, Heroku
- Developed a Ruby on Rails web application for movie enthusiasts to discover new films and organize viewing parties with friends and other users. Implemented The Movie DB API allowing users to find movies by title or get a list of the top films.

Onvya | Full-stack Group Project
- Technologies: Ruby | Rails | HTML | ActiveRecord | SQL | APIs | Bootstrap | Google OAuth2 | SOA | Heroku
- Developed a full-stack web application using Bootstrap for the front-end and Ruby/Rails for the back-end, enabling users to create and manage travel plans with ease.
- Implemented Google authentication and trip creation functionalities, allowing users to easily add and customize trip details. Facilitated social interaction by enabling users to invite friends to join their travel plans.

Closet Collection | Full-stack Group Project
- Technologies: Ruby on Rails, AWS S3, AWS SES, Postman, Github Actions (CI), Active Storage, Action Mailer, PostgreSQL
- Successfully integrated AWS S3 and AWS SES services into the application, resulting in an improved data storage solution and email delivery capabilities
- Demonstrated proficiency in RESTful practices by consuming and exposing API endpoints
- Led a team of 10 in the planning and design of a database while defining project scope, MVP, and facilitating solutions to technical and non-technical issues

PROFESSIONAL EXPERIENCE

MidState Tent Rentals, Manager, Murfreesboro, TN   05/2016 - 02/2019
- Managed a small team in organizing, planning, executing, and dismantling various social events.

United States Army, Enlisted, Colorado Springs, CO   02/2019 - 08/2022
- Collaborated with a small team to efficiently repair multi-million dollar construction equipment.
- Oversaw and directed a service team to successfully complete equipment maintenance services.
- Implemented streamlined procedures for the service team, resulting in increased efficiency and reduced equipment failures.

EDUCATION AND RELEVANT CERTIFICATIONS

Turing School of Software and Design, Denver, CO   10/2022 - 04/2023
- Certificate of Completion Backend Engineering
- 1500 hours of Programming experience over a 7-month intensive, ACCET-accredited software development program in Ruby and Ruby On Rails
- Student Leadership Committee
