

# Judy Ye • Software Developer

[judy.ye@gmail.com](mailto:judy.ye@gmail.com) • (510)219-4067 • [GitHub](#) • [LinkedIn](#)

## Skills

---

**Languages and Frameworks:** JavaScript | HTML | CSS | React | JSON

**Systems and Practices:** Test Driven Development | Mocha/Chai | Cypress | E2E | Github

## Technical Projects

---

[EscapeLink](#) | [Deployed Link](#) | Team Project

**Tech:** WebSocket, JS, React, React Router, Cypress, HTML, CSS, GitHub, VS Code

Created a web application that allows users to play a virtual escape room individually/together

- Collaborated on a team of FE and BE developers to create a gaming application that allows for instantaneously bi-directional interactive communication using WebSockets
- Utilized Miro boards and Github Projects to wireframe and plan

[PetBook](#) | [Deployed Link](#) | Team Project

**Tech:** JS, React, React Router, Cypress, Express, HTML, CSS, GitHub, VS Code

Created a multi-page web application that allows users to view and add their pets' data

- Collaborated on a team of 4 developers to create a frontend application and the corresponding backend with RESTful API from scratch using ExpressJS
- Applied end-to-end testing via Cypress to evaluate user flow from start to finish

[Travel Tracker](#) | [Deployed Link](#) | Solo Project

**Tech:** JS, HTML, CSS, GitHub, VS Code, Mocha/Chai, Markdown

Created a web application that allows users to track and manage their trips

- Utilized HTML, CSS, and JS to create an accessible application that allows for user interactions by using array prototype methods to perform data manipulation
- Consumed API endpoints through network requests

## Work Experience

---

**Oakland Dental Group**, Oakland, CA

Oct.2012-Apr.2023

Office Manager/Dental Assistant/Billing and Treatment Coordinator

- Efficiently scheduled appointments and coordinated treatment plans for an average of 100 patients weekly, ensuring patient flow and satisfaction
- Effectively communicated with patients and insurance providers, minimizing out-of-pocket expenses and maximizing benefits
- Managed and trained team members, overseeing patient communication and schedules while collaborating within diverse cross-functional teams to ensure efficient operations and meet treatment deadlines

## Education and Training

---

**Turing School of Software and Design**, Denver, CO

Apr.2023- Nov.2023

*Accredited Frontend Software Engineering Certificate*

- 1500 hours of programming experience over a 7-month intensive, ACCET-accredited software development program

**University of California, Los Angeles**, Los Angeles, CA

2012

*Bachelor of Arts, Psychology*

*Bachelor of Arts, Chinese*
