PROFESSIONAL SUMMARY

A highly-personable, agile developer with a demonstrated ability to lead and collaborate effectively in team environments. Strong willingness to learn and eager to acquire new technical skills.

TECHNICAL SKILLS

- Languages/Frameworks: Ruby, Ruby on Rails, GitHub, RSpec, VS Code, JSON, SQL, PostgreSQL, Render, Heroku, Postman
- Currently Learning: Python, JavaScript
- Methodologies: Test-Driven Development (TDD), Agile Development, DRY, REST APIs, OOP

NOTABLE PROJECTS & APPLICATIONS

Jana Social | Team Project | 2-week sprint

- Contributed to a 12-person team developing a web application connecting caretakers of individuals with special needs or disabilities.
- Managed API integration, built a robust Backend Rails API, and created an intuitive FrontEnd Rails app for presenting JSON responses.
- Led a subgroup focused on user data, integrating external APIs to auto-generate user profile pictures and enabling and storing photo uploads using AWS S3.

Tech Stack: Ruby, Rails, RSpec, Active Record, WebMock, VCR, Oauth, Bootstrap, Geolocate, Action Cable, AWS

Munch Madness | Cross-Functional Team Project | 2-week sprint

- Worked alongside FrontEnd developers to create an app aiding indecisive restaurant-goers using a March-Madness style bracket format.
- Expertly integrated multiple APIs, including Google Geocoding API for precise user location and Google Places API for detailed restaurant information.
- Negotiated and implemented JSON contracts to fulfill FrontEnd needs, delivering a Progressive Web App (PWA) that works seamlessly on desktop and mobile. Deployment on Heroku with CircleCI for continuous integration.

Tech Stack: Circle CI, PWA, Heroku, PostgreSQL, Tailwind, Typescript, ReactJS

PROFESSIONAL EXPERIENCE

Incredibles (Medically Correct, LLC) Denver, CO

February 2019 - October 2022

Production Manager

- Orchestrated a daily production schedule of over 30,000 units by analyzing sales reports, forecasts, demand reports, and par levels.
- Achieved three consecutive months of producing over 1,000,000 units (Feb - April 2021).
- Oversaw a 15+ person team, ensuring production met schedules, QA requirements, and maintained efficiency.
- Collaborated with the internal purchasing team to ensure adequate ingredient and supply inventory.
- Led weekly production meetings, addressing achievements, obstacles, and process improvements.

EDUCATION

Turing School of Software & Design, Denver, CO

Graduated October 2023

Accredited Back End Engineering

University of Colorado-Boulder, Boulder, CO

Graduated May 2018

Bachelor of Arts in Environmental Studies, Minor in Geological Sciences
