

Mary Ballantyne

Backend Software Engineer

Colorado / Remote | mballantyne777@gmail.com | [GitHub](#) | [LinkedIn](#) | 305-746-4405

SKILLS

Ruby on Rails / Postgres / SQL / GitHub / Heroku / Test-Driven Development (TDD) / Object-Oriented Programming (OOP) / Single Responsibility Principle (SRP) / Version Control / API Development & Consumption / RSpec / Postman / Postico / Capybara / Webmock / VCR / GoogleOauth/ CircleCI / Bootstrap

PROJECTS

VIEWING PARTY | Paired

[GitHub](#)

- Created an app centered around consuming a MovieDB API. A user is able to make a viewing party in which other users are invited, a movie is selected, along with a date and time, image and description of the chosen movie.
- Multiple endpoints were created to obtain specific details about one movie, a list of top rated movies, reviews for a movie, and the image used as the cover for the specific movie.

HAYD? | Group

[GitHubFE/GitHubBE](#)

| [Heroku](#)

- Created an app that allows a user to create an account, track their emotions and feelings, as well as check in on friends via implementing a Self Referential Relationship.
- A user may send friend requests to other users and view posts as long as a post is marked as Public.
- Utilized Google Oauth for user identification and implemented CircleCI for continuous integration.
- SOA used to implement the Single Responsibility Principle in the event a change were to be made on either end.

EXPERIENCE

Triage Staffing, Omaha, NE - *Travel Emergency Department Nurse*

March 2021 - May 2022

- Traveled all over the country providing assistance in a variety of different hospitals experiencing shortages within the emergency department.
- Collaborated with a multidisciplinary team to ensure optimal patient outcome, for those in critical condition.
- Provided direct emergent patient care, stabilized patients, and determined the next course of action.

Shands Hospital, Gainesville, FL - *Pediatric Emergency Department Nurse*

June 2018 - March 2021

- Provided emergent patient care for the pediatric population from newborn to young adult.
- Educated family and pediatric patients on procedures, follow up care, and medications.
- Maintained timely, emergent care whilst ensuring quality and safety.

Orlando Regional Medical Center, FL - *Emergency Department Nurse*

July 2017 - June 2018

- Maintained compassion, and advocacy for patients and coworkers in a fast-paced environment.
- Provided emergency patient care at a Level 1 Trauma Facility
