

# PATRICK BECKER . Front End Software Developer

patrickbecker@gmail.com • (720)371-0394 • [Linkedin](#) • <https://github.com/PatrickGBecker>

## SUMMARY

---

Bridging the gap between analytical and creative, my experience as a team leader, administrative analyst and multi-media artist give me a dynamic approach to solving problems. My new found passion for coding combined with my abilities to lead a diverse team forward to achieve common goals will make me a great addition to any team of professional developers.

## SKILLS

---

- React/Router/Spring/Player
- Cypress
- HTML
- CSS/SCSS
- JavaScript
- Mocha/Chai
- TDD/E2E
- TypeScript
- Git/GitHub
- Express
- Figma

## SOFTWARE PROJECTS

---

NUNSLINGER | Group Project | 50 Hours | <https://github.com/nairnairnair/nunslinger> September- 2022

- A trio of Vanilla JS coders took on the challenge of learning TypeScript in React/React-Spring/Player to program a 2D reaction-based shooter mini game, all within a 10 day period. All game physics, player controls and logic were created by our team and all game art was hand-crafted by me.
- Wrote E2E testing in Cypress for the main page views, fetch calls, stubbing and interactive game play.
- We achieved this through asynchronous & paired programming with extensive project board planning in GitHub.
- Technologies Used: TypeScript, React/Spring/Player, Cypress, Webpack, GitHub, Figma, Adobe Photoshop

Rancid Tomatillos | Paired Project | 40 Hours | <https://patrickbecker.github.io/rancidTomatillos/> September-2022

- React application that displays a movie catalog with functionality to see individual movie summaries through dynamic searching, and relevant movie trailers from YouTube on the details page.
- Implementation of React Router, E2E Cypress testing and deployment to Heroku.
- Technologies Used: React/Router, Cypress, Webpack, Heroku API, NPM, GitHub, Figma, Trello

## EXPERIENCE

---

Westmont Hospitality Management, Denver, CO/Houston, TX, Scottsdale, AZ - *Regional Revenue Analyst*

- Forecasted group and transient occupancy & rate to ensure proper inventory controls were in place for the best top and bottom line outcome, increasing year-over-year revenue by 2%.
- Effectively used market data and historical trends to implement dynamic pricing patterns for upcoming days, weeks and months, increasing average monthly revenue by \$2,000.

Sage Hospitality, Embassy Suites Denver Downtown Convention Center - *Front Office Supervisor/ Group Rooms Coordinator/Revenue Analyst*

- Implemented/monitored MLOS and pricing strategy in close partnership with Director of Revenue, increasing weekly report generation for Management/Ownership teams.
- Managed room inventory, gift shop ordering, and created an enthusiastic team attitude that promoted honesty, curiosity and efficiency, resulting in a top-rated Customer Service team via TripAdvisor.
- Demonstrated the ability to improvise and maintain composure in difficult situations, increasing customer loyalty and satisfaction.

## EDUCATION

---

Turing School of Software and Design, Denver, CO

March- 2022

Accredited Frontend Software Engineering Certificate
