# SOYEON "SARA" PARK

## Front-End Software Engineer • Willing to participate in a government clearance investigation

**Email**: sspark106@gmail.com • **Cell**: 303-667-6793 • **City**: Denver, CO
**GitHub**: https://github.com/soy-park • **LinkedIn:** www.linkedin.com/in/soyeon-sara-park

## SKILLS

- **JavaScript**
- **HTML**
- **CSS**
- **React**
- **Redux Toolkit (RTK)**
- **TypeScript**
- **Router**
- **Mocha**
- **Chai**
- **Cypress**
- **Test-Driven Development (TDD)**
- **Object-oriented programming (OOP)**
- **Git/GitHub**

## PROJECTS

**BookHaven** - Full-Stack group project
- Utilized an agile development process to create a web application that facilitates the management of Little Free Libraries' inventory, allowing users to browse libraries, view available books, and add/checkout books
- Collaborated with back-end developers and a front-end developer in daily stand-ups for effective communication
- Self-taught TypeScript and Redux and successfully implemented them into the project
- Practiced professional git workflow including pull request reviews for code quality and collaboration
- Utilized GitHub Actions for continuous integration (CI) and streamlined deployment
- Technologies utilized: **TypeScript, React, Redux, HTML, CSS, Cypress**
- Repository: https://github.com/BookHaven/BookHaven-FE.git

**Medicine for the Mind** - Solo project
- Developed a web application that allows users to favorite quotes and display a personalized list of favorites
- Utilized fetch requests to interact with a public API, facilitating seamless data retrieval and updates
- Implemented components in React using both class-based and functional approaches, ensuring effective communication through props
- Implemented routing functionality to handle different URL pages, enabling smooth navigation and page transitions
- Implemented user-centric design by creating personas and user stories tailored to healthcare workers
- Technologies used: **JavaScript, HTML, CSS, React, Router, Cypress**
- Repository: https://github.com/soy-park/showcase-inspiration

## PROFESSIONAL EXPERIENCE

**Patient Coordinator**                                                2019 - 2022
*Perfect Teeth, Denver, CO*
- Proficiently utilized dental software, including Dentrix and Denticon, to carry out administrative tasks, provide exceptional patient coordination and support, and enhance patient services

**Medical Scribe**                                                     2015 - 2017
*ScribeAmerica, Denver, CO*
- Collaborated with physicians to provide high quality patient care
- Proficiently utilized medical software, specifically the electronic medical record (EMR) to ensure accurate and comprehensive documentation
- Demonstrated exceptional typing skills, achieving a typing speed of 98 words per minute (wpm)

## EDUCATION

**Certificate in Front-End Development**                               2022 - 2023
*Turing School of Software and Design*

**Bachelor's (B.A.) Degree in Integrative Physiology**                 2010 - 2014
*University of Colorado Boulder*
- Minor in Leadership Studies
