

# Ben Rosner

## Front End Software Engineer

(347) 436-6043 | ben.rosner.williamsburg@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

---

### Summary

Collaborative, creative, and logical thinker with **5+** years in the music/tech industry. As a QA Tester at a tech startup, I worked to achieve a **99%** accuracy rate with a keen eye for detail. Hard worker with a “can-do” mindset.

### Skills

**Languages / Frameworks:** JavaScript, React, HTML, CSS, Mocha, Chai, Cypress

**Systems / Practices:** Heroku, Test Driven Development, Git, GitHub, Functional Programming, REST APIs

**Currently Learning:** GraphQL, TypeScript

### Projects

**Article - [Demo](#) | [GitHub](#)**

**Tech:** React, JavaScript, CSS, Cypress

Article is an app used to educate people who are curious/interested in art or art history. It can also be used as a tool to teach students about art.

- Uses an external API with authentication.
- Tested end-to-end using Cypress.
- Designed to be responsive on computer screens, mobile devices, and tablets.

**Trivia Troll - [Demo](#) | [GitHub](#)**

**Tech:** React, TypeScript, Cypress, SCSS

Trivia Troll is a user-friendly trivia game that lets users answer questions to make it across the troll bridge!

- Utilized an external API to extract data.
- Designed to be responsive on computer screens, mobile devices, and tablets.
- Tested end-to-end using Cypress (DOM and functionality).

**Rancid Tomatillos - [Demo](#) | [GitHub](#)**

**Tech:** React, Cypress

This application allows users to view a list of movies provided by the server along with their rating. When the movie is clicked the user can see more information about that particular movie.

- Used an external API with a robust frontend.
- Designed to be responsive on computer screens, mobile devices and tablets.
- Tested end-to-end using Cypress (DOM and functionality).

### Experience

**Persado, New York, NY - QA Specialist**

Feb 2022 - June 2023

- Ensured QA tests are defined in their scope and objective to maintain high quality deliverables.
- Performed QA checks of all client-facing deliverables with **99%** accuracy.
- Utilized QA processes and tools to proofread, perform visual, functional, and unit tests for Email, Paid Media, Web Page, SMS and Direct Mail.

**Ultranaughts, Remote - Quality Assurance Tester**

Feb 2020 - Feb 2022

- Executed test scripts to confirm functionality, usability, regression, consistency, and absence of issues to ensure the quality and integrity of system releases.
- Achieved accuracy for websites and standalone applications by automating tests.

### Education

**Turing School of Software and Design, Remote**

ACCET Accredited Certificate in Front End Engineering

Mar 2024

**Manhattanville College, Purchase, NY**

Bachelor of Arts in Music Business

May 2015
