Igor Decess • Software Engineer

i.decess@comcast.net • 720-810-1185 • https://www.linkedin.com/in/ingvard/ • https://github.com/userigorgithub

SUMMARY

Creative bilingual Software Engineer capable of handling multiple software projects simultaneously. Eager to learn new technologies and work in teams to build efficient and robust applications that enhance client satisfaction, experience, and loyalty. Experienced in software testing and quality assurance. Highly flexible and dependable.

SKILLS

JavaScript | TypeScript | HTML | CSS | React | Router | Mocha | Chai | Cypress | Git/GitHub | OOP/TDD | JIRA | Heroku

PROJECTS

DevPrep - Group Project, https://github.com/2201-DevPrep/DevPrep-FE

Are you stressed about preparing for an interview in the software development field? DevPrep to the rescue! It is an intuitive application where upon creating an account and logging in, developers can prepare for an actual interview. Browse a dashboard with different statistics, link your codewars account, or choose a deck (Technical BE, Technical FE, or Behavioral) to test your knowledge. Don't just be ready, be DevPrep ready!
Tech Stack: JavaScript, TypeScript, HTML, SCSS, React, Router, Cypress, fetch API, Git/GitHub, GitHub Pages

Video Game Showcase - Solo Project, https://github.com/userigorgithub/video-game-showcase

Find an amazing MMO (massively multiplayer online) game and read information about it! No time to scroll through all games? Use a search feature to find the game by title faster! What games do you like?
Tech Stack: JavaScript, HTML, CSS, React, Router, Cypress, fetch API, Git/GitHub, Heroku

Brew Maps - Group Project, https://github.com/userigorgithub/brew-maps

Save yourself time trying to find a good brewery and use Brew Maps, where you can find a perfect brew for you. You can scroll through the list of breweries and look at their reviews and where they are located. Want to see if a brewery is good? Search for it using our responsive search bar and look at the reviews. So, what is your favorite beer?
Tech Stack: JavaScript, TypeScript, HTML, CSS, React, Router, Cypress, fetch API, Git/GitHub

EXPERIENCE

Turing School of Software & Design, Front-End Engineer, Denver, CO   Oct 2021 – Aug 2022
Development of Front-End applications using front-end programming languages, frameworks, and libraries
Test-Driven Development for error free environment, emphasis on accessibility and user satisfaction

Conversant Services Inc., Software Tester & QA and Support, Vancouver, BC   Apr 2017 – Mar 2019
Communicated with software tester school to hire, manage, and supervise software tester interns
Performed SDLC testing for software application using variety of manual and automated testing tools

Walgreens Co., Certified Pharmacy Technician, Denver, CO   Aug 2007 – Present
Assisted over 100,000 satisfied customers and patients with various retail and pharmacy needs
Reported bugs and glitches to company's IT department on numerous occasions

EDUCATION

Turing School of Software and Design, Certificate in Front-End Engineering, Denver, CO   August, 2022
Hitek Computer School, Certificate in Software Testing and QA, Vancouver, BC   September, 2016
Community College of Aurora, Associate Degree in Science, Aurora, CO   May, 2005
