SOFTWARE PROJECTS

[Treezy](#) | [Repo BE](#) | [Repo FE](#) | Team

- Created a full stack web app allowing users to input their Colorado zip code and see what trees they can grow in their respective growing/hardiness zone
- Engineered REST APIs in JavaScript and a multi-page UX with React Router with technical skills
- **Tech Stack:** React, React Router, JavaScript, Node, Express, PostgreSQL, Figma, Cypress, Heroku, Vercel, CSS, HTML, Git

[Moldy Pears](#) | [Repo](#) | Paired

- Generated with React for users to browse movies, view movie details, and watch available trailers
- My technical experience includes testing React components and asynchronous JS with Cypress
- **Tech Stack:** React, React Router, JavaScript, Cypress, Figma, Vercel, CSS, HTML, Git

Traveler Tracker | [Repo](#) | Independent

- Developed a vanilla JavaScript app with a dashboard to view users' past, future, and pending trips
- Implemented OOP by working independently on the design of the application and built an API to send and receive data
- **Tech Stack:** JavaScript, Mocha, Chai, CSS, HTML, Git

PROFESSIONAL EXPERIENCE

Action Behavior Center | RBT | Broomfield, CO May 2021 - Mar 2022

- Improved negative behaviors in patients by 90% using behavior measurement tools, data analysis, and troubleshooting as a Registered Behavior Therapist (RBT)
- Requested to be the exclusive RBT for eight clients due to the high-quality therapy provided, excellent organization skills, and excellent written communication skills
- Trained nine employees in three months on how to reduce inappropriate behaviors in clients and how to respond in cases of crisis through various behavior analytic interventions

Colorado Behavior and Learning Center | RBT | CoSprings, CO Sep 2020 - Mar 2021

- Provided direct care to multiple clients in a one on one or organized group therapy settings to implement skill acquisition and behavior reduction treatments in triaging skills three times a day
- Weekly met with clients' families by being outgoing and provided individualized feedback with demonstrations on how to implement recommended techniques at home
- Collaborated with RBTs and supervisors to discuss and decide new treatments for clients weekly

EDUCATION

Turing School of Software and Design Denver, CO

Developed 10+ web applications at the only ACCET-accredited software engineering program

Pamukkale University Denizli, Turkey

French Language and Literature, Bachelor of Arts
