## SKILLS

---

- |              |           |         |          |
|--------------|-----------|---------|----------|
| • JavaScript | • Cypress | • HTML  | • Figma  |
| • React      | • GitHub  | • TDD   | • Router |
| • TypeScript | • CSS     | • Mocha | • Git    |

## SOFTWARE PROJECTS

---

**Royal Punching Society | Solo Project | <https://github.com/nairnairnair/rps> | 1 Week** **June 2022**

A turn-based medieval stock photo-themed fighting game inspired by rock-paper-scissors

- Built dynamic health bars and portraits for both the player and opponents
- Created 4 different AI opponents with radically different playstyles and strategies required to beat them
- Technologies Used: JavaScript, CSS, HTML, GitHub

**NUNSLINGER | Team Project | <https://github.com/nairnairnair/NUNSLINGER> | 2 Weeks** **Sep 2022**

A fast-paced nun-themed quickdraw dueling game with dynamic character models and increasingly difficult enemies.

- Conceptualized and coded all of the game's logic and mechanics using React and TypeScript
- Utilized API calls to fetch data for the game and router to make its pages dynamic
- Technologies Used: TypeScript, React, CSS, HTML, Cypress, Webpack, Figma, GitHub

## SELECTED EXPERIENCE

---

**Concord Commercial Realty, Affiliate Broker, Nashville, TN** **Sep 2018 – Jan 2020**

- Managed 11 industrial storefronts and warehouses across the Greater Nashville Area
- Supervised contractors and facilitated a wide variety of renovations to improve the value of the spaces
- Worked to resolve issues and advocated for tenants resulting in better environments for them

**Weber Shandwick, Content Strategy Intern, Chicago, IL** **Jun 2017 – Dec 2017**

- Team lead for Children's March for the Future account
- Worked on high profile accounts in the telecom and food industries
- Created calendars, content concepts, content strategies and copy
- Managed social media and Wordpress sites
