

# ALEX BUMPUS Frontend Software Developer

Northglenn, CO | alexander.bumpus@yahoo.com | 720-736-1472 | [Linkedin](#) | [Github](#)

## SUMMARY

---

I'm a Front-End developer with a passion for problem solving and learning. The most notable skills of mine are the capacity to pick up on things quickly, the ability to receive and incorporate feedback effectively, and the strength of teaching others what I know.

## TECHNICAL SKILLS

---

- React
- JavaScript
- CSS
- HTML
- Github
- Git
- Cypress
- Mocha/Chai
- NodeJS

## SOFTWARE PROJECTS

---

### [WISH YOU WERE HERE](#) | [Repository](#) | **Group Project** | **4 Person Team** | **12 Days**

- This app was made to allow for users to take group photos even if you aren't in the same place, the goal of this project was to learn and implement new technologies into a project.
- Successfully implemented web sockets to allow users to send images and text to each other.
- Technologies used: React, Socket.io, Cypress, CSS, React Router

### [SAVE GAME](#) | [Repository](#) | **Independent Project** | **5 Days**

- This project functions as a site for displaying deals on video games from various game distributors.
- The goals of this project were to work with a public api and implement functionality to display that data to the user, as well as making the web app be dynamic and work on various screen sizes, specifically including mobile.
- Technologies used: React, CSS, Cypress, React Router

### [OVERLOOK HOTEL](#) | [Repository](#) | **Independent Project** | **6 Days**

- Overlook Hotel is an app that simulates a hotel booking site that was made with the goal to practice fetch requests and unit testing, and was the first project I made with the intent of feeling more like a real website.
- Dynamically displayed images on client side based on data received from API
- Technologies used: Vanilla JavaScript, HTML, CSS, Mocha/Chai

## EXPERIENCE

---

### **Target, Stock Associate**, Westminster, CO | 2 years

- Practiced being detail oriented by keeping stock organized and removing out of date products
- Broke larger tasks down into more manageable sizes to achieve daily goals
- Worked with a team to hit deadlines on time
- Became accustomed to working in a customer facing position

## EDUCATION

---

### **Turing School of Software and Design**, Denver, CO | Aug 2022

- Completed 16 projects in JavaScript, React, and Express/Node.js
- Used agile methodologies, thorough documentation, git workflow, and project boards
- Successfully implemented multiple new technologies in two-week sprints
- Received an Accredited Frontend Software Engineering Certificate
